Subject: Final Interagency Review of the US National Communication to the UNFCCC

Hi,

Sorry to bother you again, but we've just discovered that there are some text formatting problems with the GHG Inventory chapter of the National Communication that was sent around earlier. We have a new version that corrects this problem, please let me know if you'd like to receive it.

Also, please let me know if you'd like the full set of graphic files. To save space, these were not included in all the chapters.

Thanks again, Clare
